

WE MAKE THE WIRE THAT MAKES OUR WORLD STRONGER

LEADING THE AMERICAN CHARGE

From our earliest days providing tire bead for our nation's first generation of automobiles after the turn of the century, National Standard has been dedicated to manufacturing high quality wires. Today, our advanced products, including our CopperFree™, Satin Glide® and premium copper-coated NS Plus® welding wires, set the standard in excellent feedability. Our variety of packaging options, including our industry-leading Tru-Trac® wood reel, offer solutions that maximize our customers' productivity.

National Standard offers a comprehensive line of welding wire. Ask our experts about your more specialized wire needs at 800-777-1618.
